## How to Order?

For individually packed orders (mixed rice with dishes), simply select the dishes you want from the various categories stated above, and it will be charged according to the table labeled “Price”.

For example, an order consisting of White Rice, Beef Rendang, Gado Gado and Kentang Belado will be charged as follows:

$$\text{Total price} = \$1.00 + \$3.30 + \$4.30 + \$1.30 + \text{Packaging Costs}^* = \$9.90 + \text{Packaging Costs}^*$$

For orders where each dish is packed separately, simply indicate the amount (in monetary terms) of each dish selected or state the number of persons each dish is meant for.

For example, you can order \$20.00 worth of BBQ Stingray or you can state “BBQ Stingray for 4 persons”, in which case the price will work out to be:

$$\text{Total price} = ( \$5.20 * 4 ) + \text{Packaging Costs}^* = \$20.80 + \text{Packaging Costs}^*$$

Note that additional packaging costs apply according to the table below.

Individually packed orders (mixed rice with dishes) in microwaveable plastic containers	\$0.20
